CONTROL #AX-15-000-5829 2.pdf

Hello Paula

Thank you for your recent message to Paul regarding proposed legislation on Minnesota's sulfate criterion for protection of wild rice.

EPA is aware of the proposed legislation. As discussed in Tinka Hyde's letter to you dated March 10th, 2015, any revisions to water quality standards are not effective until approved by EPA. If and when Minnesota submits revised standards, EPA will review these for consistency with federal requirements.
